Mr. Dave Crabb
President
Manitoba Association of Cottage Owners
P.O. Box 281, Station Main
Winnipeg, MB R3C 2G9

Dear Mr. Dave Crabb:

Re: Bipole III Transmission Project – Access Management Plan (AMP)

With the receipt of the *Environment Act* Licence for the Bipole III Project from Manitoba Conservation and Water Stewardship, construction has begun and will continue to an anticipated project in-service date of 2017.

Transmission Line and Civil Construction has shared information regarding the AMP with communities in the vicinity of active construction areas.

The AMP outlines the plans in which Manitoba Hydro will access the construction areas, and ensure safety of workers and members of the public as outlined in the enclosed brochure.

The Project website (www.hydro.mb.ca/bipole3) will be maintained and the AMP is also available online for public review.

If you have any questions please contact us at bipole3@hydro.mb.ca or call the Project information line at 1-877-343-1631. If you wish to review the Licence and associated conditions it can be found at <http://www.gov.mb.ca/conservation/eal/index.html>

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Keil'.

Jim Keil
Manager, Transmission Line and Civil Construction Dept.
Manitoba Hydro
